There is always a way to love and serve care homes...

Truth Be Told is committed to equipping churches to mobilise their community and together, love and serve their local care homes. **Come rain or shine, pandemic or peace, there are always things we can do.**

Mapping to the Government COVID Alert Levels, **here are five categories of activity** that we will be using to do bring joy and life. Each individual care home may move up and down this scale differently to the rest of the population and **things will change week by week.**

Which is why **we are developing a matrix of ideas, material and resources for 12 weeks** for each category. The themes (eg, 'animals' or 'transport') and the truths (eg, 'I am Loved' or 'I am Precious') will be consistent throughout but **you can select the activity based on what is physically possible on any given week.**

Truth Be Told originally started life with level 1 and since COVID we have been trialling 5 and 4. **We would now love to partner with churches to see the whole package come to life.**
