

STAKEHOLDER IMPACT REPORT

DECEMBER 2023

NEW PARTNER CHURCHES

December is always a busy month for churches with many Christmas services and carol concerts. This means things have been a little quieter, but none the less we have been plugging away with meetings and making initial contact with potential leads.

Broadmead community church in Northampton undertook their training via the app and are keen to get going. Vicky had an encouraging meeting with the Bath & Wells Diocese and sent through some information which will be included in their monthly newsletter. They were very enthusiastic and keen to see TBT working in the diocese.

We have also been compiling a schools database to use in conjunction with our World Book Day fundraiser.

We have lots of leads to follow up in January with more meetings planned for the month ahead.

CURRENT GROUPS RUNNING

December-2023	Jul-23	Current	% Increase	2026 Target
Partner Churches	9	11	18%	30

Care Home Staff	1	19	Participation	83
Children	5	68		
Parent/Child Carer	5	65		
	Total	259		

December Highlights:

December saw a fantastic festival of fabulous Snowmen as we prepared for Christmas!

At Avon Cliff the residents couldn't decide whether the carer looked better as a snowman!

In Fernhill two of the care staff dressed up in inflatable Christmas outfits and stayed in role throughout the whole session!

Sophie said 'One lady arrived at the session distressed but managed to join in and by the end was clapping and cheerful by the end.'

STAKEHOLDER IMPACT REPORT

Karen said *'One lady who usually sleeps through most of the session and doesn't seem to understand most of what we do or say, joined in with singing Rudolph the red nosed reindeer.'*

Paul and Julie had a wonderful party time with three of the residents joining in with the Hokey Cokey. They said there was *'lots of laughs and fun'*.

TBT ESOL

We completed our TBT ESOL pilot last month, but after discussions and reviewing the success of the pilot we've decided to continue with the project and will be starting again in January.

We want to make this project available to other churches who have an international community around them, and so we have two other churches who will also run pilots. They will use the resources that Karen has created while running this in Bournemouth in partnership with ICN (International Care Network).

We're excited to see how we can reach another isolated community with the love of Jesus.
